Description
County and State Juvenile Detention Cost Share Project

Funds have been appropriated to pay the cost of pre-disposition detention for juveniles that otherwise would be the responsibility of the fiscally constrained county. If the cost of pre-disposition detention for all fiscally constrained counties collectively exceeds the amounts appropriated, the excess cost will be due and owing from the fiscally constrained counties on a proportionate basis.

Counties are required by Section 985.686, Florida Statutes, to pay their share of the Detention cost based on an estimate with a reconciliation adjusting estimates to actual cost at the end of each fiscal year.
