9. **20-0398** Public Hearing on Proposed Charter Amendment to Enable Countywide Protection of Certain Natural Resources

Fiscal Consideration:

If the proposed Charter amendment is approved by a supermajority of the Board and passes in the November referendum, it would enable the County to then enact ordinances for the protection of certain natural resources which may be effective countywide (including within municipal boundaries). If such ordinances of countywide effect were to then be enacted in the future, those ordinances would likely have some fiscal impact on the County's operations due to the additional review processes that would need to be developed and staffed in order to implement the specific requirements of such ordinances. The potential fiscal impact cannot be determined until the details of any ordinances that may be proposed under the revised charter provision are known.

Recommended Action: Adopt the attached ordinance approving the proposed amendment language to Section 1.4 of the Alachua County Charter, and authorizing the enclosed language to be placed on the ballot for consideration by the electors of Alachua County in a referendum as part of the general election in November, 2020.

10. [20-0411](#) Public Hearing on Proposed Charter Amendment Regarding County Land Use Planning for Rural Area.

Fiscal Consideration: If the proposed Charter amendment is approved by a supermajority of the Board and passes in the November referendum, it is not likely to have a significant fiscal impact on the County's operations because the "Rural Areas" of the County that would be subject to the proposed Charter amendment are all currently unincorporated and are therefore subject to the County's Comprehensive Plan and land development regulations today. Under the proposed Charter amendment, those areas would continue to be subject to the County's Comprehensive Plan and land development regulations as implemented through the County's land use and development review processes.

Recommended Action: Adopt the attached ordinance approving the proposed amendment language to Section 1.5 of the Alachua County Charter, and authorizing the enclosed language to be placed on the ballot for consideration by the electors of Alachua County in a referendum as part of the general election in November, 2020.

Fiscal Consideration: The attached partner commitment submittal under NAWCA would state that in FY 2020/2021, the County will spend at least \$1M for fee-simple and less-than-fee conservation acquisitions in Alachua County.

The attached partner commitment letter submittal under RCPP would state that over a period of four years (2021 - 2024), the County will spend at least \$3M each year for fee-simple and less-than-fee conservation acquisitions in Alachua County.

In these partnerships with Alachua County, federal grants could award:
