- L. **15 Minute Presentations**
9. [21-0227](#) RTS Bus Stop Improvements in Unincorporated Alachua County
- Recommended Action:* Make a legislative finding that the construction of the bus stop shelters identified in this agenda item are expected to increase RTS ridership along SW 8th Avenue, which will mitigate transportation impacts caused by developments with the NW transportation mobility district; and move approval of Budget Amendment, authorize staff to bid and prepare construction contract, and prepare a Memorandum of Understanding with RTS regarding maintenance for Board approval at the proposed bus shelter locations as included in this agenda item.
- Fiscal Consideration:* The estimated total project construction cost is \$344,130. Five (5) stop locations qualify for MMTM funding for an estimated total cost of \$65,037.50. One (1) stop would come from the 354 Fund-MMTM/NW for \$19,208 and the remaining four (4) stops would come from the 355 Fund-MMTM/SW for \$45,829. The remaining estimated \$279,092.24 would be funded from remaining balance in fund 350-5-Cent Local Option Gas Tax from the NW 16th Avenue resurfacing project. The estimated construction cost includes RTS furnishing materials for 14 shelters. Since none of these shelter improvements exceed \$50,000 individually, these improvements do not meet the capitalization threshold so if the Board chooses to move forward to construct these shelter improvements, the identified funds from fund 350, 354, and 355 would need to be transferred out to a non-capital fund during the June mid-year adjustment.
